DEDICATED TO THE HEALTH OF ALL CHILDREN™

As a caregiver or teacher, you have the important task of nurturing and providing care for children. A critical aspect of caring for children includes maintaining a safe and healthy environment. Learning first aid skills is an important step in ensuring a secure environment for those children in your care.

Pediatric First Aid for Caregivers and Teachers (PedFACTs) is a new educational program developed by the American Academy of Pediatrics (AAP)

specifically to prepare caregivers and teachers to appropriately recognize and respond to the ill or injured child.
